

Revised Notice of Public Hearing

February 11, 2022

Ref. 2022-H-08
Revision 1

CNSC to conduct a public hearing on SRB Technologies (Canada) Inc.'s application to renew its operating licence

The [Canadian Nuclear Safety Commission](#) (CNSC) will hold a public hearing on **April 27–28, 2022**, to consider an application from SRB Technologies (Canada) Inc. (SRBT) to renew its Class IB nuclear substance processing facility operating licence for a period of 15 years. The SRBT facility is located near Pembroke, Ontario, approximately 150 km northwest of Ottawa, and on the traditional unceded territory of the Algonquin Anishnaabeg people. **The public hearing was originally scheduled to be held on April 13–14, 2022.**

The current licence, which expires on June 30, 2022, authorizes SRBT to operate a Class IB tritium processing facility for the purposes of manufacturing radiation devices.

Date: April 27–28, 2022
Place: Best Western Pembroke Inn and Conference Centre, 1 International Drive, Pembroke, Ontario (in the community and/or virtual via Zoom – to be confirmed)
Time: As set by the agenda published prior to the hearing date

The public hearing will be webcast live and available on the CNSC website at nuclearsafety.gc.ca.

To assist Indigenous Nations and communities, members of the public and stakeholders in reviewing SRBT's application and associated documents, and as previously set out in the [notice of public hearing](#) published on August 30, 2021, participant funding of up to \$50,000 was made available through the CNSC's Participant Funding Program. The deadline to submit a completed participant funding application form to the CNSC was October 29, 2021. Information on the Participant Funding Program decision can be found on the CNSC's [Participant Funding Program website](#).

SRBT's licence renewal application is posted on its [website](#). SRBT's submission and CNSC staff's recommendations to be considered at the hearing are available on the [CNSC website](#), or on request to the Registry.

Pursuant to rule 19 of the [Canadian Nuclear Safety Commission Rules of Procedure](#), persons who have an interest or expertise in this matter or information that may be useful to the Commission in coming to a decision are invited to comment on SRBT's application. Requests to

intervene must be filed with the Commission Registry by **March 14, 2022**, using the [online request form](#), by [email](#), or the contact information below. **The request to intervene must include the following information:**

- A written submission of the comments to be presented to the Commission
- A statement setting out whether the requester wishes to intervene by way of written submission only or by way of written submission and oral presentation
- The requester's name, address, telephone number and email address

All submissions will be available for download on the CNSC website or on request to the Registry. Personal information, such as email address and telephone number, is essential for linking the submission to its author. If you wish to ensure the confidentiality of your personal information, please submit it on a separate page.

For further information on the public Commission hearing process, or on the licensee or the facility being considered in this matter, or to request documents, contact:
