# *Revised Notice of Public Hearing*

---

March 21, 2022

Ref. 2022-H-08  
**Revision 2**

## **CNSC to conduct a public hearing on SRB Technologies (Canada) Inc.'s application to renew its operating licence**

The [Canadian Nuclear Safety Commission](#) (CNSC) will hold a public hearing on **April 27, 2022**, to consider an application from SRB Technologies (Canada) Inc. (SRBT) to renew its Class IB nuclear substance processing facility operating licence for a period of 15 years. The SRBT facility is located near Pembroke, Ontario, approximately 150 km northwest of Ottawa, and on the traditional unceded territory of the Algonquin Anishnaabeg people. **The public hearing, scheduled to be held in the community on April 27-28, 2022, will now be held virtually on April 27, 2022.**

The current licence, which expires on June 30, 2022, authorizes SRBT to operate a Class IB tritium processing facility for the purposes of manufacturing radiation devices.

**Date:** April 27, 2022  
**Place:** Virtual Hearing  
**Time:** As set by the agenda published prior to the hearing date

The public hearing will be webcast live and available on the CNSC website at [nuclearsafety.gc.ca](http://nuclearsafety.gc.ca).

To assist Indigenous Nations and communities, members of the public and stakeholders in reviewing SRBT's application and associated documents, and as previously set out in the [notice of public hearing](#) published on August 30, 2021, participant funding of up to \$50,000 was made available through the CNSC's Participant Funding Program. The deadline to submit a completed participant funding application form to the CNSC was October 29, 2021. Information on the Participant Funding Program decision can be found on the CNSC's [Participant Funding Program website](#).

SRBT's licence renewal application is posted on its [website](#). SRBT's submission and CNSC staff's recommendations to be considered at the hearing are available on the [CNSC website](#), or on request to the Registry.

Pursuant to rule 19 of the [Canadian Nuclear Safety Commission Rules of Procedure](#), persons who have an interest or expertise in this matter or information that may be useful to the Commission in coming to a decision are invited to comment on SRBT's application. The deadline to file a request to intervene with the Commission Registry was March 14, 2022.

All submissions are available for download on the [CNSC website](#) or on request to the Registry.

**For further information on the public Commission hearing process, or on the licensee or the facility being considered in this matter, or to request documents, contact:**
