**PFP**  
Participant Funding  
Program

March 2018

The Canadian Nuclear Safety Commission (CNSC) offered funding under its Participant Funding Program (PFP) for a CNSC meeting on matters of regulatory interest. Funding was to facilitate a meeting on November 4, 2017 between the Metis Nation of Ontario (MNO) Region 7 and CNSC staff, in order to discuss the Bruce Nuclear Generating Station licence renewal.

The information gathered from the meeting will be included in a relevant Commission member document, to bring any valuable information directly to the Commission.

## **Background**

Participant funding-support for a CNSC meeting on matters of regulatory interest was made available by the CNSC to:

- enhance Indigenous and stakeholder participation in the CNSC’s environmental assessment and licensing processes
- help stakeholders bring valuable information to the Commission

A Funding Review Committee (FRC), independent from the CNSC, was established to review the funding application received by the CNSC’s PFP administrator, and to make recommendations on the allocation of funding to the applicant.

The FRC had one member: Mr. Paul Scott, retired Regional director of the Canadian Environmental Assessment Agency’s Vancouver office.

The CNSC received one PFP application requesting \$10,614.45, and this was reviewed by the FRC.

## **Eligibility and funding criteria**

For more information on participant funding and how it works, including details on eligibility and funding criteria, please read the [PFP guide](#).

## **CNSC participant funding decision**

The CNSC carefully considered the FRC’s recommendations on the allocation of participant funding for the MNO to meet with CNSC staff, and approved the reimbursement of up to \$10,614.45.

<b>Applicant</b>	<b>Maximum amount of available funding</b>
