Participant Funding  
Program

December 2018

The Canadian Nuclear Safety Commission (CNSC) offered funding under its Participant Funding Program (PFP) to facilitate a meeting on December 13, 2018 between the Ya'thi Néné Land and Resource Office and CNSC staff. The purpose of the meeting was to discuss the CNSC's regulatory oversight role for uranium mines, mills, historic and decommissioned sites.

The information gathered from the meeting will be included in a relevant Commission member document and presented directly to the Commission.

## **Background**

The CNSC made PFP support available to:

- enhance Indigenous and stakeholder participation in the CNSC's environmental assessment and licensing processes
- help stakeholders bring valuable information to the Commission

A funding review committee (FRC), independent from the CNSC, was established to review the funding application received by the CNSC's PFP administrator and to make recommendations on the allocation of funding to the applicant.

The FRC had one member, Mr. Paul Scott, retired regional director of the Canadian Environmental Assessment Agency's Vancouver office.

The CNSC received one PFP application requesting \$25,366.31 and this was reviewed by the FRC.

## **Eligibility and funding criteria**

For more information on participant funding and how it works, including details on eligibility and funding criteria, please read the [PFP guide](#).

## **CNSC participant funding decision**

The CNSC carefully considered the FRC's recommendation on the allocation of participant funding for the Ya'thi Néné Land and Resource Office to meet with CNSC staff, and approved the reimbursement of up to \$25,366.31.

<b>Applicant</b>	<b>Maximum amount of available funding</b>
Ya'thi Néné Land and Resource Office	\$25,366.31
<b>Total</b>	<b>\$25,366.31</b>
