

Notice of Participation at a Commission Meeting

October 22, 2013

Ref. 2013-M-02

CNSC Staff Report on the Performance of Canadian Uranium Fuel Cycle and Processing Facilities: 2012

The Canadian Nuclear Safety Commission (CNSC) will hold a public meeting on December 10-11, 2013, during which CNSC staff will present their *CNSC Staff Report on the Performance of Canadian Uranium Fuel Cycle and Processing Facilities: 2012* (CNSC Staff Report).

The CNSC Staff Report summarizes the assessment of the safety performance of uranium mines and mills, uranium processing facilities, and nuclear substance processing facilities for the 2012 calendar year.

Meeting Date: December 10-11, 2013
Place: Holiday Inn Yorkdale, 3450 Dufferin Street, Toronto, Ontario
Time: as set by the agenda published prior to the meeting date

The public is invited to comment, in writing, on this meeting item. To allow more expansive public participation regarding the GE-Hitachi Nuclear Energy Canada Inc. facilities in Toronto and Peterborough, members of the public who have submitted written comments may also, upon request, make oral presentations. Written submissions must be filed with the Secretary of the Commission by November 15, 2013 [online](#) or at the coordinates below. The written submission should include:

- for comments related to the GE-Hitachi facilities only, a statement setting out whether the requester wishes to intervene by way of written submission only or by way of written submission and oral presentation; and
- name, address and telephone of the requester.

The purpose of the public meeting is not to reopen the licensing process or to discuss reasons for renewing the GE-Hitachi licence in 2010, but to update the Commission with information on the safety and compliance of the facilities' current operations and provide an opportunity for interested persons in the community to be heard.

Personal information, such as address and telephone numbers, is essential for linking the submission to its author. Please submit your personal information on a separate page if you wish to ensure its confidentiality. It should be noted that all submissions are available to the public upon request to the Secretariat.

The CNSC Staff Report is available upon request. This document is not downloadable. To obtain it, a request must be made to the Secretariat at the coordinates below.

The agenda for the meeting will be available after November 18, 2013 on the CNSC Web site at nuclearsafety.gc.ca.
